# [→] WELCOME TO PRAGUE!

Welcome to Prague! Whether you've just landed with plane, arrived by train, bus or car, we have very important information about how to get to the city centre using all possible types of transport, without wasting more money than it's necessary.

## ↓ 1. PRAGUE BY PLANE

The airport is located on the northwest edge of Prague, about 20 kilometres (12 miles) from the centre of the metropolis. Your money can be changed in the currency exchange offices or kiosks situated in the airport. Important phone numbers include +420 220 111 888 (General info line - nonstop operation) and +420 220 115 005 (Lost and Found service).

## ↓ HOW TO GET TO THE CITY CENTER

If you've just arrived at the airport, getting to the centre will take about twenty to thirty minutes depending on traffic (if you use a taxi or shuttle service you will find necessary information below).

Приветствую вас в Праге! Если вы только прилетели самолетом, приехали поездом, автобусом или на машине, у нас есть для вас много интересной информации о том как доехать до центра используя все возможные виды транспорта, чтобы вы напрасно не потратили много денег.

## ↓ 1. ДО ПРАГИ САМОЛЕТОМ

Аэропорт расположен на северо-западной окраине Праги, находится примерно в 20 километрах (12 миль) от центра столицы. Важные телефонные номера +420 220 111 888 (общая информация- круглосуточный трафик) и +420 220 115 005 (потери и находки).

**FACTS & INFO**

If you choose cheaper but less convenient public transport you have to expect fifty minutes on the road.

## ↓...BY PUBLIC TRANSPORTATION

The bus is the cheapest way to get to the city centre. The disadvantage may be that you need to buy a bus ticket paid in Czech crowns or with credit card. To get the cash, you can use ATMs in the arrival halls of the airport. Or you can buy the actual ticket directly in a kiosk or at the information counter in both arrival halls (open from 7:00 a.m. to 10:00 p.m.). Furthermore, in the vending machines, located next to the bus stop, or directly from the bus driver (it will cost you a few crowns more). The ticket price is 32 CZK for a transfer ticket, with which you can freely switch among bus, tram and subway for 90 minutes. On the shorter distance and duration of 30 minutes you can use the ticket for 24 CZK (with this ticket, however, it is not allowed to switch among the types of transport). If you have more luggages, you will pay 16 Czech crowns extra.

### BUS # 119

This is the most likely choice for most people because the BUS # 119 provides the fastest connection to the historic city centre. Depending on the time of day, the bus runs every 7-20 minutes and gets you to subway line A. After boarding remember to „click“ the ticket. Get off at the station Velešlavín (journey from the airport to the subway takes about 15 minutes). Subway entrance is located few steps from the bus stop. The bus runs from 4:23 a.m. until 11:45 p.m. at night.

## ↓...НА ОБЩЕСТВЕННОМ ТРАНСПОРТЕ

Автобус это самый дешевый способ добраться до центра города. Недостатком может быть то, что вам придется купить билет на автобус, который нужно оплатить в чешских кронах. Снять деньги можно в банкоматах в зале прибытия. Сам билет можно купить в киосках в залах прилета (открыт с 7:00-22:00). Так же билет можно приобрести в автоматах которые находятся прямо на автобусной остановке или у водителя автобуса (в этом случае он может стоить немного дороже). Цена билета 32 кроны, этот билет действителен 90 минут, с ним вы можете совершать пересадки между автобусами, трамваями и метро. На короткие расстояния до 30 минут, можно использовать билет за 24 кроны. Если у вас большой багаж, то вам придется заплатить еще 16 крон.

### АВТОБУС № 119

Автобус № 119 – выбор большинства людей обеспечивает быстрый доступ к историческому центра города. Выйдите на остановке Nádraží Velešlavín (весь путь от аэропорта до станции метро займет 15 минут). Вход в метро расположен сразу у автобусной остановки. Автобусы ходят с 4:23 утра до 23:45 ночи.

Most of the station is renovated and offers a modern look with plenty of stalls, shops and fast-food restaurants.

Prague, like most European cities, suffers from very heavy traffic and lack of freely available parking spaces (the street with blue coloured areas are reserved for residents and you risk stripping off your car when you park there). Прага как и большинство европейских столиц, страдает очень большим потоком машин и нехваткой парковочных мест(улице с синей полосой зарезервированы для резидентов, поставив машину вы рискуете, что ее заберут). Это причина, почему мы рекомендуем вам пользоваться так называемыми P+ R (Park и Ride) парковка, которая находится недалеко от всех остальных дорог. ## FACTS & INFO

For over 1000 years, Prague has served as the political, cultural and economic centre of the Czech state. Having been the seat of two Holy Roman Emperors during the gothic and renaissance periods, it also had the status of the Holy Roman Empire capital. Prague's history commenced in the year 870, although evidence shows the area had been inhabited since the Stone Age. The city flourished during the 14th century, under the reign of King Charles IV, who, among other deeds, ordered the building of the famous Charles Bridge or Saint Vitus Cathedral, the oldest gothic cathedral in central Europe, and Charles University, the oldest university in central Europe. Prague was then the third-largest city in Europe. Now home to some 1.2 million inhabitants, Prague became the capital of the newly set up Czechoslovakia in 1918, with the end of WW I and the dissolution of the Austro-Hungarian Empire. In 1992, Prague's historic center became a UNESCO world heritage site, and is currently one of the world's most popular tourist destinations.

На протяжении более 1000 лет, Прага служит политическим, культурным и экономическим центром чешского государства. Она была пристольным городом двух императоров Священной Римской империи в готическом периоде и в эпохе Возрождения. Прага также имела статус столицы Священной Римской империи. История Праги началась в 870г., хотя есть сведения о том, что область была населена с периода каменного века. Город процветал в течение 14-го века, во времена правления короля Карла IV, который, наряду с другими проектами, приказал построить знаменитый Карлов мост, кафедральный готический собор Святого Вита, и Карлов университет - старейшие постройки в Центральной Европе. В то время Прага была третьим по величине городом Европы. Сейчас здесь проживает около 1,2 млн. человек. После окончания Первой мировой войны и распада Австро-Венгерской империи в 1918 году Прага стала столицей вновь созданной Чехословакии. В 1992 году исторический центр Праги стал принадлежать к Всемирному наследию ЮНЕСКО, и в настоящее время является одним из самых популярных туристических мест в мире.

# WHAT IS ART?

**A**rt has the power to awaken emotions of all kinds. This is its greatest strength. Laughter, tension, excitement, fear, sadness.

This is true for the world of film, music and theater, and we often can't help thinking deeper. Every time we put the following tips together, we keep that in mind. We try to choose experience that you will remember for a long time from the rich offer (and it is getting richer and richer). And we have no doubt that we succeeded this time as well, so prepare a lot of free time. You'll need it. Extra full months are waiting for us.

And if you would hesitate how to describe art best, the American poet and writer Charles Bukowski summed it up as follows: "The difference between life and art is that art is more tolerable."

With the exception of Arnold, who was always the soul of the series, the new film brings back Linda Hamilton in the role of Sarah Connor

and also Edward Furlong, who played Connor in Terminator 2. „Family“ of the original series is therefore complete. The new Terminator follows straight from number one and number two, Tim Miller (Deadpool) was called to direct it, and the movie cost about \$ 200 million and is an honest, oldschool „adults only“ movie.

**F**ilm Legends Museum is a unique project, the likes of which you will not find in Europe. This is a purely Czech project, which presents Hollywood in detail. The museum introduces visitors to collectibles and pop culture.

It focuses primarily on sculptures, action figures and replicas from movies, TV series, but also games. You can find Film Legends already in two locations.

The museum in Poděbrady was opened in March 2016, followed by a second branch in Prague, which opened its doors to the first visitors in February 2018. The Prague museum takes up more than 1000 m<sup>2</sup> and there are more than 650 exhibits of various scales – from 1:6 to life size.

The range of exhibits is really varied, so everyone can find something they like.

Children can look forward to an extensive Disney collection where they will see characters from famous fairy-tales – for example Frozen, Cars, Snow White and the Seven Dwarfs, Inside Out, and many others. There are also heroes from modern films – Avengers, Justice League, Harry Potter, Pirates of the Caribbean and countless others. Last but not least, the collection also contains rare relics from movie classics such as Predator, Alien, Terminator, Avatar, Lord of the Rings, and more. The featured games include God of War, The Witcher, Mortal Kombat and Batman: Arkham.

The layout of the collection is based on the needs of the youngest visitors. The exhibits are therefore separated into two rooms, and there is also a spacious children's corner and silent movie projection, where visitors can relax with movie classics. Each of the exhibits is very detailed and hand-painted, and exists in a very limited amount. In all three branches, over 1700 exhibits can now

be seen, which makes the museum one of the largest of its kind in the world.

The museum, which is literally a paradise for movie fans of all ages, also hosts weekend programs accompanied by live film characters. Do you want to go there and see everything with your own eyes?

Film Legends Museum Prague can be found at Sokolovská 1207/226, Prague 9. Film Legends Museum Poděbrady can be found at Jiřího nám. 36, Poděbrady. Film Legends Museum Kroměříž can be found at Kotojedy 76, Kroměříž. Open daily, including holidays. For more information visit [www.filmlegendsmuseum.cz](http://www.filmlegendsmuseum.cz).

**A**re you planning a corporate party, or want to invite your business partners, want to experience something that they will not offer you anywhere else? It is definitely worth a trip to Horní Počernice where Praga Arena is home to the go-kart center.

Real gasoline machines on sports chassis are waiting for you on those tracks, where the passionate drivers can really enjoy maximally. However, even those less experienced do not have to be afraid to sit behind the wheel, after brief instruction they can safely go on track.

We strongly recommend organizing the endurance race in Le Mans style, with which you are sure that everyone will enjoy the fun. At the same time, there are up to 12 karts and more numerous (3-8 members) teams can constantly watch how they are doing

in their race. Alternating riders and inventing tactics is exactly what a person expects from team building.

Running on the track can be seen from a restaurant with a bar, in a pleasant environment with a burning grill. The restaurant with a capacity of 200 to 300 seats offers grilled specialties, desserts, varied drinks and many other specialties, all of which are of course dependent on the agreement. The modern background is equipped with LCD screens with a timer and projectors that can be used for projection at events.

There is no problem in arranging practically anything at parties. The premises of the restaurant are also sufficient for the band to play here during your event, and there can also be other attractions, which can be ordered by agreement. You can also play billiards or darts on site.

Praga Arena combines ideal space for larger and more modest events, excellent service, and long entertainment. If you

are looking for a corporate party that will be everything possible, just not boring, you have no reason to hesitate a minute. However, it is good to book ahead. The most demanding dates, especially during corporate parties, are hopelessly occupied.

As far as the location is concerned, Praga Arena is situated in Horní Počernice, where you can easily reach either by car or bus from the Černý Most metro (the journey takes only a few minutes). It is also worth mentioning its own large parking lot in front of the complex.

The Prague Arena, of course, is not there just for corporate events and big parties. You can definitely go to the area with just a few friends. The experience you gain is worth it. You will not find better karts anywhere in Prague.

## PIKNIK PARK

- A FRESH BREEZE IN MALÁ STRANA

**T**he recently opened Piknik Park restaurant is located in the heart of Mala Strana, just a few steps from Charles

Wall. Piknik Park is situated right by Certovka, so the view is truly unique.

The interior of the business is beyond reproach. This is a new, completely renovated space, designed with sensitivity and is more intimate. The restaurant and the garden can accommodate a few dozen people, which I personally perceive as a big plus. Large businesses have a substantially less personal impression, and one often feels like in a factory cafeteria in them.

The restaurant menu is focused on Italian cuisine. This is - true - a somewhat unusual choice in the center of Prague. But it makes sense. The quest for typical Czech fare has become a nonsensical mantra of many Prague businesses and gastronomy has been stagnating in recent years thanks to it. The pure Italian cuisine is therefore a fresh breeze in Prague, and in this case also an authentic one. In Piknik Park, two Italian cooks are in control of the cuisine, all the dishes are made from high quality and fresh ingredients and always according to the best traditions of Italian cuisine.

Due to the Italian cuisine, it is not surprising that the drink menu is not domi-

nated by beer (but of course, it is also on tap there). On the contrary, wine which is delivered to the restaurant by the winery VÍNO Hruška, plays a key role. Part of the restaurant is a stylish vinothèque and although Czech wines clearly dominate the offer, there are, of course, also foreign wines

In spite of its location in the heart of Mala Strana, Piknik Park does not have any exorbitant prices (which holds true for wines as well, where a whole bottle is priced in the hundreds of crowns). What, on the contrary, Piknik Park has - and it is a real rarity in this area - is a year-round garden, which includes thermal heaters.

Piknik Park stands out on account of one more minor detail: live music on the terrace (played every day from 5:00 pm). It is usually played by two musicians (such as a violinist and a guitar player) and gives the atmosphere of the place a truly unique touch.

It's no problem going to Piknik Park without a reservation, but if you are planning to go there in the evening, a reservation won't hurt. Of course, there is the possibility to rent the whole space for a private event, while in the case of a banquet you do not have to restrict yourself to just Italian cuisine.

Every city is held „hostage“ to supply and demand in some way. This dictates the trend and, to a great extent, it may suppress originality. Piknik Park goes its own way. It offers a place that is not afraid to be elegant, affordable at the same time, with refreshing cuisine and a location that is popular for its scenic walks. You certainly won't go wrong with visiting it.

# SINFUL NIGHT LIFE OF PRAGUE CITY

**W**hy will be deluding ourselves. Every good capital, whose streets pulsate with life, must have beside restaurants, bars, cafes and shopping centers also (as the novelists say) the houses of love. And even Prague is no exception. But before we go into its streets, let's make a small historic revision.

It is no longer the rule that these places are for desperate individuals. Time progressed. When was the phenomenon of night clubs or prostitution itself actually born? Well, not for anything they say that it's the oldest profession of the world. It is probable that prostitution has evolved from religious belief and rituals which were held to celebrate the goddess of fertility in the Middle-Age. In the 19th century it was strongly developed and reached all segments of society from politics to high art (for example Vincent Van Gogh lived for years with a Flemish prostitute).

We know that it's not easy to find the right company in which you can feel natural and comfortable. Indeed, there are lots of them and if you had to visit them all, it would cost you the whole wealth.

For this reason, we are showing few short "best of" tips in the following pages. We guarantee that you definitely won't be bored. The ride full of excitement and beautiful women is awaiting!

## ST. APOLINAR

- NEO-GOTHIC GEM

**W**hen you come across this impressive building, you can't help feeling that this is what a real magic school would look like. But the Apolinar is doing a more meritorious thing - for decades it has been helping the people from Prague get to the world.

Neo-Gothic Provincial Maternity Hospital at St. Apolinare made of red gray bricks immediately transfers everyone to old England. The building was designed by the leading Czech architect Josef Hlávka, built between 1867 and 1970. At the time, it was the largest and most modern maternity hospital in Europe.

The building of the modern maternity hospital was created on impulse of Count František Thun-Hohenstein due to very poor hygienic conditions in the existing facilities in Prague. In 1863, the Provincial Committee entrusted the Kingdom of the Czech Builder Josef Hlávka to work out a project to build a new Provincial Maternity Hospital. Finally, he decided for a square plan with an inner rectangular courtyard in the middle, a four-winged core and eleven tracts that

lead to different parts of the hospital and are interconnected by corridors.

The architecturally most interesting part of the building of the Land Maternity Hospital is the Chapel of St. Cross. It is located on the first floor, above the entrance hall. The space of the chapel is formed by a rich star cellar vault, which leads in the central column.

The building under the Church of St. Apolinare is one of the most famous in the republic. It is the original place of alcohol drunk tank. It was the very first drunk tank in the world and became a Czech export article, because it has proven itself good and was established in a similar way to the rest of the world.

## KUTNÁ HORA OSSUARY

**T**he unique ossuary under the Church of All Saints in the cemetery in Sedlec near Kutná Hora is decorated almost exclusively with human bones - the remains of a total of 40,000 dead people, the remains of plague epidemics and victims of the Hussite wars.

Archaeologists found thirty mass graves in the area of the Kutná Hora Ossuary, where the remains of a thousand victims of epidemics and famine, mostly from the 14th and 15th centuries, were lying. The skeleton findings represents the largest collection from the High Middle Ages in Bohemia and the mass graves themselves are unique from the European perspective. The dead were in mass graves above each other in at least five layers, in the largest grave even in 26 layers.

Experts associate older graves with famine in 1318, the younger ones with a plague epidemic from 1348 to 1350. Some graves are even younger. The cemetery covers the period from the 13th to the 16th centuries and represents a remarkable sample for the

study of burial, especially in the High Middle Ages. The graves were not very richly decorated, except for skeletons, archaeologists found bronze or iron buckles, dress switches and coins.

The present-day appearance of the cemetery chapel in Sedlec near Kutná Hora, which was built at the end of the 14th century, is the result of Baroque alterations made by JB Santini Aichl at the beginning of the 18th century and a total restoration from the second half of the 19th century, part of which was the completion of the interior decoration of human skeletal remains. The author of the massive chandelier decorated with human bones, as well as crosses, chalices, monstrances or coat of arms of the Schwarzenberg family is the woodcarver from Česká Skalice František Rint, who also made his signature here from the bones.

## 6. THINGS YOU MUST KNOW ABOUT PRAGUERS IN ADVANCE!

### 1) PRAGUERS ARE ALWAYS IN A BAD MOOD

When there is someone with a grumpy expression that points out that he would like to kill you, don't take it personally. Prague residents are always in a hurry and still seem to be in a bad mood. In short, it works like that here. But otherwise they are fine!

### 2) THEY DON'T WAIT FOR THE GREEN LIGHT

You can also recognize true Praguers by ignoring the traffic lights. In short, he is looking for every possible space that will be offered to him on the road, and when he sees the opportunity, he immediately crosses the street. Red, green, it doesn't matter.

### 3) THEY DRINK BEER, A LOT OF BEER

The Czech Republic is well known for its excellent beer, and the Czechs have certainly never concealed themselves by being able to „send a few pieces“ to themselves. But if you with such a Prager for a beer, don't be fooled. “Going out for one beer” is really just a phrase. Every Czech drinks an average of 142 liters of beer per year, while during an average session, the trained Prager handles some 8 pieces and is not even out of his breath.

### 4. THEY MUST ALWAYS PLAN SOMETHING

You will probably feel like lazy, because the Praguers have - it seems - planned perhaps every minute of the day. And this also applies to weekends. It can only be Monday morning and the right Prager already knows what he will do on the weekend.

### 5. THEY ARE OBSESSED WITH CARS

Although Prague has one of the best transport links in Europe, if we talk about public transport (train, metro, tram, bus), Prague citizens are still obsessed with driving everywhere. And even though they have to wait in the traffic jams for an hour.

### 6. THEY DON'T SEEM, BUT THEY HELP

Praguers are vigilant because someone keeps putting them something on the street or wants money from them. And this is really annoying them. Therefore, when you stop them, they immediately go into defense mode and can look very dull. Don't let this scare you. As soon as he realizes that you just want some advice, they change completely and almost leads you to the place. They don't seem that, but they're sweeties!
